

P.E. Funding Report to School Governors – Summer Term 2016

This academic year North Kidlington School received Sports Premium funding of £9,048, this funding can only be spent on P.E. and sport provision in schools. Schools are held to account for how spend their sport funding and OFSTED Inspectors will use evidence to assess the impact of additional funding on improving the quality and breadth of P.E. and sports provision.

At North Kidlington School we have again joined the North Oxfordshire School Sports Partnership.

This entitles us to:

- Be provided with a well-managed School Sports Partnership structure and guidance from a specialist School Sports Co-ordinator
- Be supported to improve our provision for P.E. and school sport
- Be provided with occasional qualified sports coaches to work alongside teacher when teaching P.E.
- Be supported to deliver targeted extra-curricular activity clubs (e.g. NK Beans Club)
- To organise, co-ordinate and deliver specified inter-school sports competitions and festivals for children of all abilities and ages
- Support the development and delivery of intra-school competitions and festivals
- Provide details of quality assured community clubs, leisure provided and coaches offering extra-curricular and holiday sports clubs
- Offer programmes of professional development in P.E. and Sports for school staff
- Network opportunities for our schools P.E. Co-ordinator (Mrs Harvey)
- Provide us with regular national and local updates relating to P.E., healthy active lifestyles and school sport.
- Provide us with support from specialist P.E. teachers to work alongside teachers when delivering P.E.
- Organise support and training for teachers delivered by the Youth Sports Trust
- Assist us in gathering data to complete out Annual Sport Premium Survey.

As a direct result of the school receiving the Sports Premium funding we have had the following opportunities:

‘The additional sports funding is being used particularly effectively. It is developing great pupil enthusiasm for participation in many different sports, and giving them more opportunities to compete with other schools. They have a better understanding of healthy living, and teachers are rapidly developing new skills in their teaching with the guidance of a specialist sports coach.’ OFSTED December 2014

CPD – Continuing Professional Development

Kevin Peake as our North Oxfordshire School Sports Mentor has been working with various class teachers and classes this year. In Terms 1 & 2 he began in KS1 where he worked alongside the Year 1&2 teachers to develop their delivery of Gymnastics. Kevin modelled sessions to show how a link can be made between Multi-skills activities and Gymnastic activities. During Terms 3, 4, 5 and 6, he worked alongside Pollyanna Harvey, Gary Kemp and Simon Paget to support them with their P.E. delivery. Furthermore, he worked in lessons to extend the more able children and support the less able children during his sessions. Also, he has worked with me (Keri Dallimore-Gray) to support me in my new role as PE Coordinator. Finally, Kevin Peake mentored me to work with some AG&T children in Year 5 and Year 6 to train them in cricket and rounders to prepare them for the competitions during the Summer Term.

Throughout the year, Kevin Peake has been working with groups of Year 4 and Year 6 children where the focus of each session has been boosting mental maths skills through Sport using the ‘ActiveMaths’ programme. We have found that these sessions have helped the children to improve their mental maths skills.

Year 6 (12 pupils) attainment:

1 achieved Exp+

6 achieved Exp

5 achieved Dev+

Year 4 (12 pupils) progress:

1 made 5.0

3 made 4.0

2 made 3.5

4 made 3.0

2 made 1.0

During the Summer Term Mr Paget and Kevin Peake ran our Change 4 Life Club. This club is targeted at children with low P.E./Lifestyle i.e. participation, in Year 3 & 4.

Being part of the North Oxfordshire Sports Partnership as an option 3 school we are members of the Youth Sports Trust (YST). Since joining the YST, Mrs Battersby and I carried out the YST Quality Mark Self Review and we were awarded Silver Quality Mark. This shows that all the YST requirements are established within our school. We have also been awarded Silver Sainsbury's School Games Mark for 2016-2017 which is a fantastic achievement.

As members of the YST Pollyanna Harvey and I have had the opportunity of having access to the 2 year Subject Leader training which is delivered through 6 modules. The modules focus on,

- Leadership and Management skills - completed
- Teaching & Learning in PE - completed
- Curriculum Provision - completed
- Young Peoples Achievement - completed
- School Sport and Healthy Active Lifestyles - completed
- Whole School Impact - completed

Since completing the YST Subject Leader Training the YST have continued to deliver further training sessions. In March, Gary Kemp attended a training session which focussed on assessment. In June, I attended a further assessment meeting/training. Furthermore, in June there was a further training day with an active Maths focus.

School Games Competitions

Since the funding was put into place, as a school we have been able to participate in a wider variety of School Games competitions at Level 2 (Inter-School) & Level 3 (County). We have been able to do this because we have had the money to pay TAs to either take the groups to competitions or to cover the teachers who are taking large groups of children to competitions. We have also been able to fund coaches to transport the children to events that have taken place further afield.

This year we have taken part in the following competitions and festivals:

- Team Building Festival (12 children)
This festival was targeted Year 3 children who found the transition from Infants to Lower Juniors harder, especially making new friends in their new classes.
- U9 Football - we sent 1 team (8 children)

Our team were runners up in the Level 2 Kidlington Competition. We then went through to the North Oxfordshire School Sports Partnership final which we won. The children then qualified for the Level 3 Oxfordshire Winter School Games Competition which, although we didn't win, came very close.

- Cross Country Competition Year 1-6
36 children took part in the competition.
- Year 5 & 6 Kidlington Swimming Competition (8 children) Level 2
- Year 5 & 6 Tag-Rugby Competition (40 children) Level 2 the winning team went through to the North Oxfordshire School Sports Partnership final (Level 3).
- Year 3 & 4 Targetted Football Competition (8 children) Level 2
- Year 5 & 6 Kidlington Gifted & Talented Sportshall Athletics Competition (36 children)
The team came 2nd in this competition.
- Year 5 & 6 Kidlington Netball Competition (9 children). Our team were winners in the Level 2 Kidlington Competition. We then went through to the North Oxfordshire School Sports Partnership final (Level 3) where we came second.
- Year 5 & 6 Kidlington Kwik Cricket Competition (all Year 5 and Year 6 children) Level 2. Our U11 girls' team were winners in the Level 2 Kidlington Competition. We then went through to the North Oxfordshire School Sports Partnership final (Level 3) which we also won. We then travelled to the Regional finals in Bristol which was a huge achievement as we were the first and only school in Oxfordshire to ever make it through to regional finals.
- Year 1-6 Dance Festival (20 children)
- Year 3,4,5&6 Quadkids Competition (16 children) Level 2
- Year 1 Multi-skills festival (all Year 1 children)
- Year 2 Multi-skills festival (all Year 2 children)

Participation

During the 2015-2016 year I monitored the whole school sporting participation.

Participation in North Oxfordshire Sports Partnership Competitions and Festivals

Year	Competitions and Festivals Participation
Year 1	45/45 100%
Year 2	37/37 100%
Year 3	22/37 59%
Year 4	24/37 65%
Year 5	39/39 100%
Year 6	45/45 100%

Overall from Year 1 – Year 6 **88.3%** (212/240) children took part in North Oxfordshire School Sports Partnership competitions and festivals. During 2014-2015 **85.9%** of children from Year 1-6 took part in in North Oxfordshire School Sports Partnership competitions and festivals, so there has been a **2% participation increase** across the school this year. I have worked very hard with Lee Smith (the new North Oxfordshire School Sports Mentor for 2016-2017) to secure one festival (Multiskills) for all Year 3 children and one festival (teambuilding) for all Year 4 children in the 2016-2017 academic year. This will ensure that our participation across the whole school is 100% by the end of the next academic year.

Sports Premium Funding

We received **£9, 255**

£8,182 paid to NOSSP, leaving **£1, 073**.

The remaining **£1, 073** was used to fund:

- Transport costs
- TA overtime to accompany children to the various arranged events

Next Steps for the academic year 2016-2017

- Start the 'Wake up, Shake up' initiative each Monday, Wednesday and Friday morning to improve the fitness and activity levels of each child and some parents in our school.
- Set up a new Sports Team (consisting of Sports Leaders and Sports Reporters) to help with the organisation of sport across the school and allow a pupil voice in decisions being made. This will help us to move towards our goal of achieving Gold School Games Mark.
- Continue to take part in North Oxfordshire School Sports Partnership Competitions and Festivals.
- Continue to improve teaching and learning in PE through the NOSSP mentoring system.
- Improve the amount and range of out of school clubs in the school. This will help us to move towards our goal of achieving Gold School Games Mark.
- Use the school website more effectively to raise the profile of sports and celebrate our achievements with the wider community. I plan to do this by adding 'out of school sporting achievements' photographs on the website as well as reports written by our newly appointed 'Sports Reporters' onto the website also. This will help us to move towards our goal of achieving Gold School Games Mark.
- Implement the newly written assessment procedure across the school. This will help us to move towards our goal of achieving Gold School Games Mark.

Overall, without the Sports Premium money the North Oxfordshire School Sports Partnership would not be able to provide such a wide variety of competitions and coaching opportunities for the children and staff at North Kidlington Primary School. I feel strongly that the Sports Premium Funding has continued to have a positive impact on the health and physical fitness of the children in our school.

Keri Dallimore-Gray

PE Coordinator
